## **SUPPLEMENTARY INFORMATION:**

### **I. Abstract**

The Quarterly Survey of Transactions in Selected Services and Intellectual Property with Foreign Persons (BE-125) is a survey that collects data from U.S. persons that engage in covered transactions with foreign persons in selected services or intellectual property. A U.S. person must report if it had sales of covered services or intellectual property to foreign persons that exceeded \$6 million for the previous fiscal year, or are expected to exceed that amount during the current fiscal year, or if it had purchases of covered services or intellectual property from foreign persons that exceeded \$4 million for the previous fiscal year, or are expected to exceed that amount during the current fiscal year.

The data are needed to monitor U.S. trade in services, to analyze the impact on the U.S. and foreign economies, to compile and improve the U.S. economic accounts, to support U.S. commercial policy on trade in services, to conduct trade promotion, and to improve the ability of U.S. businesses to identify and evaluate market opportunities. The data are used in estimating the

services component of the U.S. international transactions accounts and national income and product accounts.

The Bureau of Economic Analysis (BEA) is proposing minor additions and modifications to the current BE-125 survey. The effort to keep current reporting requirements generally unchanged is intended to minimize respondent burden while considering the needs of data users. Existing language in the instructions and definitions will be reviewed and adjusted as necessary to clarify survey requirements.

## **II. Method of Collection**

Form BE-125 is a quarterly report that must be filed within 45 days after the end of each fiscal quarter, or within 90 days after the close of the fiscal year. BEA offers its electronic filing option, the eFile system, for use in reporting on Form BE-125. For more information about eFile, go to [www.bea.gov/efile](http://www.bea.gov/efile).
